

**THE BEST FRESH CHICKEN**

All Lenard's stores sell only Australian grown poultry produced by local farmers.

We only use suppliers who run their farms to the highest possible standards to ensure their poultry is of the very best quality.

We're proud to say that Lenard's has always been a leader in setting this standard and always will be.

We do this so that you, the customer, can have absolute confidence in the poultry you buy at Lenard's.
